- “Number of Students Who Began the Program” means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.
- “Students Available for Graduation” is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.
- “Number of On-time Graduates” is the number of students who completed the program within 100% of the published program length within the reporting calendar year.
- “On-time Completion Rate” is the number of on-time graduates divided by the number of students available for graduation.
- “150% Graduates” is the number of students who completed the program within 150% of the program length (includes on-time graduates).
- “150% Completion Rate” is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.
- “Graduates Available for Employment” means the number of graduates minus the number of graduates unavailable for employment.
- “Graduates Unavailable for Employment” means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.
- “Graduates Employed in the Field” means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six months period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.
- “Placement Rate Employed in the Field” is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.
- “Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.
- “First Available Exam Date” is the date for the first available exam after a student completed a program.
- “Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.
- “Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.
- “Salary” is as reported by graduate or graduate’s employer.
- “No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.
STUDENT’S RIGHT TO CANCEL

If a vocational student chooses to withdraw from the program, VDCI allows the following methods of informing the institution:

1. Written communication via e-mail sent to: Registrar@vdci.edu - This email should include the student’s name, the course(s) to be canceled, the name of the instructor(s) and the reason for the cancelation. This e-mail should also inform VDCI whether the student wishes to request a refund or to reschedule the course. Written communication, including this information, can also be sent to the student’s instructor(s). The instructor will communicate this information to the Program Manager and Academic Manager.

2. Verbal communication (phone or in-person) made to the Program Manager or the Academic Manager. Note: To ensure efficiency and the accurate record of the student’s Date of Determination, verbal notice of cancelation cannot be made to instructors.

Students enrolled in a technology certificate program, an avocational bundle, or a solitary course have the right to cancel their enrollment agreement at any time. The eligibility of a full or partial refund will be determined and calculated based on the VDCI Refund Policy (included in this agreement and within the VDCI catalog).

Withdrawal from The Program

A student may withdraw from the program or individual course(s) at any time. If a student provides notice of cancellation or has been terminated or withdrawn by the institute prior to the conclusion of the eleventh (11th) day of class and has completed 20% of the course assignments or less, they shall receive a refund of 100% of the amount paid for institutional charges for the active course, less the $50.00 Technology Certificate application/registration fee and/or itemized, non-refundable fees.

If a student is withdrawn beyond the first day but within the first seven (7) days of the course and has completed more than 20% of course assignments, they will be charged 10% of the course tuition in addition to any applicable and/or non-refundable fees.

Students who have completed more than 20% of the course and are withdrawn on the 8th, 9th, 10th, or 11th day of class will be charged 50% of the course tuition in addition to any applicable and/or non-refundable fees.

Students who are withdrawn after the 11th day of the course, who have demonstrated any documented course participation, will not be entitled to a refund.

Students with no course activity and no reciprocated communication to VDCI’s efforts will be automatically withdrawn from the course at the conclusion of the 12th day and will only be charged any applicable and/or itemized fees.
NOTE: Logging in to the LMS or accessing course materials are not considered IDL course participation. A student’s Last Day of Attendance (LDA) is the last day in which they completed an assignment, contacted their instructor for academic assistance, posted on a discussion forum, etc. If a student’s sole activity in a course includes logging in or accessing materials, their LDA is the last day of the most recent course they completed, regardless of their academic grade in that course.

VDCI has developed a cancelation and refund policy which favors the students and grants greater leniency than that which is required by ACCET and state regulations. Cancellations can be effectuated due to: (a) “No show”/student never began their Course, Bundle or Program; (b) Rejection of an applicant by the institution; (c) Program cancellation by the institution; (d) Cancellation by a student during the VDCI-established cancellation period; (e) Any violation, as determined by the institution, of the Student Code of Conduct; or (f) A consistent failure to demonstrate academic progress as listed in the student Satisfactory Academic Progress (SAP) policy.

For their Program, if the student has a credit balance on the account for courses which have been prepaid but not taken, that amount will be refunded within 45 days of a student’s Date of Determination.

This refund calculation is determined by taking the number of courses completed and multiplying that number by the average course cost (the total program cost divided by the recommended number of courses necessary for completion). If that result, when added to any additional itemized and non-refundable fees or partial tuition charges, is lower than the total of money paid to VDCI, the student is entitled to a refund.

If the student owes a debt, that debt will be appropriately charged according to the payment agreement.

This refund policy conforms with the California Education Code CEC 94911(e)(1). Students who cancel their program with a debt on their account will be held responsible for the payment of any remaining funds in accordance with the signed payment agreement.

School Performance Fact Sheet – BIM Technology Certificate
Definitions

- “Number of Students Who Began the Program” means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.
- “Students Available for Graduation” is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.
- “Number of On-time Graduates” is the number of students who completed the program within 100% of the published program length within the reporting calendar year.
- “On-time Completion Rate” is the number of on-time graduates divided by the number of students available for graduation.
- “150% Graduates” is the number of students who completed the program within 150% of the program length (includes on-time graduates).
- “150% Completion Rate” is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.
- “Graduates Available for Employment” means the number of graduates minus the number of graduates unavailable for employment.
- “Graduates Unavailable for Employment” means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.
- “Graduates Employed in the Field” means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six months period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.
- “Placement Rate Employed in the Field” is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.
- “Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.
- “First Available Exam Date” is the date for the first available exam after a student completed a program.
- “Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.
- “Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.
- “Salary” is as reported by graduate or graduate’s employer.
- “No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.
STUDENT’S RIGHT TO CANCEL

If a vocational student chooses to withdraw from the program, VDCI allows the following methods of informing the institution:

1. Written communication via e-mail sent to: Registrar@vdci.edu - This email should include the student’s name, the course(s) to be canceled, the name of the instructor(s) and the reason for the cancellation. This e-mail should also inform VDCI whether the student wishes to request a refund or to reschedule the course. Written communication, including this information, can also be sent to the student’s instructor(s). The instructor will communicate this information to the Program Manager and Academic Manager.

2. Verbal communication (phone or in-person) made to the Program Manager or the Academic Manager. Note: To ensure efficiency and the accurate record of the student’s Date of Determination, verbal notice of cancelation cannot be made to instructors.

Students enrolled in a technology certificate program, an avocational bundle, or a solitary course have the right to cancel their enrollment agreement at any time. The eligibility of a full or partial refund will be determined and calculated based on the VDCI Refund Policy (included in this agreement and within the VDCI catalog).

Withdrawal from The Program

A student may withdraw from the program or individual course(s) at any time. If a student provides notice of cancellation or has been terminated or withdrawn by the institute prior to the conclusion of the eleventh (11th) day of class and has completed 20% of the course assignments or less, they shall receive a refund of 100% of the amount paid for institutional charges for the active course, less the $50.00 Technology Certificate application/registration fee and/or itemized, non-refundable fees.

If a student is withdrawn beyond the first day but within the first seven (7) days of the course and has completed more than 20% of course assignments, they will be charged 10% of the course tuition in addition to any applicable and/or non-refundable fees.

Students who have completed more than 20% of the course and are withdrawn on the 8th, 9th, 10th, or 11th day of class will be charged 50% of the course tuition in addition to any applicable and/or non-refundable fees.

Students who are withdrawn after the 11th day of the course, who have demonstrated any documented course participation, will not be entitled to a refund.

Students with no course activity and no reciprocated communication to VDCI’s efforts will be automatically withdrawn from the course at the conclusion of the 12th day and will only be charged any applicable and/or itemized fees.
NOTE: Logging in to the LMS or accessing course materials are not considered IDL course participation. A student’s Last Day of Attendance (LDA) is the last day in which they completed an assignment, contacted their instructor for academic assistance, posted on a discussion forum, etc. If a student’s sole activity in a course includes logging in or accessing materials, their LDA is the last day of the most recent course they completed, regardless of their academic grade in that course.

VDCI has developed a cancelation and refund policy which favors the students and grants greater leniency than that which is required by ACCET and state regulations. Cancellations can be effectuated due to: (a) “No show”/student never began their Course, Bundle or Program; (b) Rejection of an applicant by the institution; (c) Program cancellation by the institution; (d) Cancellation by a student during the VDCI-established cancellation period; (e) Any violation, as determined by the institution, of the Student Code of Conduct; or (f) A consistent failure to demonstrate academic progress as listed in the student Satisfactory Academic Progress (SAP) policy.

For their Program, if the student has a credit balance on the account for courses which have been prepaid but not taken, that amount will be refunded within 45 days of a student’s Date of Determination.

This refund calculation is determined by taking the number of courses completed and multiplying that number by the average course cost (the total program cost divided by the recommended number of courses necessary for completion). If that result, when added to any additional itemized and non-refundable fees or partial tuition charges, is lower than the total of money paid to VDCI, the student is entitled to a refund.

If the student owes a debt, that debt will be appropriately charged according to the payment agreement.

This refund policy conforms with the California Education Code CEC 94911(e)(1). Students who cancel their program with a debt on their account will be held responsible for the payment of any remaining funds in accordance with the signed payment agreement.

Definitions

• “Number of Students Who Began the Program” means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.
• “Students Available for Graduation” is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.
• “Number of On-time Graduates” is the number of students who completed the program within 100% of the published program length within the reporting calendar year.
• “On-time Completion Rate” is the number of on-time graduates divided by the number of students available for graduation.
• “150% Graduates” is the number of students who completed the program within 150% of the program length (includes on-time graduates).
• “150% Completion Rate” is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.
• “Graduates Available for Employment” means the number of graduates minus the number of graduates unavailable for employment.
• “Graduates Unavailable for Employment” means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.
• “Graduates Employed in the Field” means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six months period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.
• “Placement Rate Employed in the Field” is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.
• “Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.
• “First Available Exam Date” is the date for the first available exam after a student completed a program.
• “Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.
• “Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.
• “Salary” is as reported by graduate or graduate’s employer.
• “No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.
STUDENT’S RIGHT TO CANCEL

If a vocational student chooses to withdraw from the program, VDCI allows the following methods of informing the institution:

1. Written communication via e-mail sent to: Registrar@vdci.edu - This email should include the student’s name, the course(s) to be canceled, the name of the instructor(s) and the reason for the cancelation. This e-mail should also inform VDCI whether the student wishes to request a refund or to reschedule the course. Written communication, including this information, can also be sent to the student’s instructor(s). The instructor will communicate this information to the Program Manager and Academic Manager.

2. Verbal communication (phone or in-person) made to the Program Manager or the Academic Manager. Note: To ensure efficiency and the accurate record of the student’s Date of Determination, verbal notice of cancelation cannot be made to instructors.

Students enrolled in a technology certificate program, an avocational bundle, or a solitary course have the right to cancel their enrollment agreement at any time. The eligibility of a full or partial refund will be determined and calculated based on the VDCI Refund Policy (included in this agreement and within the VDCI catalog).

Withdrawal from The Program

A student may withdraw from the program or individual course(s) at any time. If a student provides notice of cancellation or has been terminated or withdrawn by the institute prior to the conclusion of the eleventh (11th) day of class and has completed 20% of the course assignments or less, they shall receive a refund of 100% of the amount paid for institutional charges for the active course, less the $50.00 Technology Certificate application/registration fee and/or itemized, non-refundable fees.

If a student is withdrawn beyond the first day but within the first seven (7) days of the course and has completed more than 20% of course assignments, they will be charged 10% of the course tuition in addition to any applicable and/or non-refundable fees.

Students who have completed more than 20% of the course and are withdrawn on the 8th, 9th, 10th, or 11th day of class will be charged 50% of the course tuition in addition to any applicable and/or non-refundable fees.

Students who are withdrawn after the 11th day of the course, who have demonstrated any documented course participation, will not be entitled to a refund.

Students with no course activity and no reciprocated communication to VDCI’s efforts will be automatically withdrawn from the course at the conclusion of the 12th day and will only be charged any applicable and/or itemized fees.
NOTE: Logging in to the LMS or accessing course materials are not considered IDL course participation. A student’s Last Day of Attendance (LDA) is the last day in which they completed an assignment, contacted their instructor for academic assistance, posted on a discussion forum, etc. If a student’s sole activity in a course includes logging in or accessing materials, their LDA is the last day of the most recent course they completed, regardless of their academic grade in that course.

VDCI has developed a cancelation and refund policy which favors the students and grants greater leniency than that which is required by ACCET and state regulations. Cancellations can be effectuated due to: (a) “No show”/student never began their Course, Bundle or Program; (b) Rejection of an applicant by the institution; (c) Program cancellation by the institution; (d) Cancellation by a student during the VDCI-established cancellation period; (e) Any violation, as determined by the institution, of the Student Code of Conduct; or (f) A consistent failure to demonstrate academic progress as listed in the student Satisfactory Academic Progress (SAP) policy.

For their Program, if the student has a credit balance on the account for courses which have been prepaid but not taken, that amount will be refunded within 45 days of a student’s Date of Determination.

This refund calculation is determined by taking the number of courses completed and multiplying that number by the average course cost (the total program cost divided by the recommended number of courses necessary for completion). If that result, when added to any additional itemized and non-refundable fees or partial tuition charges, is lower than the total of money paid to VDCI, the student is entitled to a refund.

If the student owes a debt, that debt will be appropriately charged according to the payment agreement.

This refund policy conforms with the California Education Code CEC 94911(e)(1). Students who cancel their program with a debt on their account will be held responsible for the payment of any remaining funds in accordance with the signed payment agreement.
