Program Summary

Program Summary

Description:

A Nationally Accredited Online Program - A comprehensive certificate in Architectural-based CAD (Computer-Aided Design) software technology targeted for the Construction Industry. The certificate also includes elective courses where students can specialize in learning AutoCAD, AutoCAD Civil 3D, Revit, Revit MEP, Revit Structure, Navisworks, Fusion 360, SketchUp, Photoshop, Adobe Illustrator, InDesign, Blueprint Reading, Construction Fundamentals and Construction Estimating. The classes are designed to provide students an opportunity to learn & develop relevant technical skills used in construction industry-focused disciplines. The curriculum is based on the current professional skill sets required by business. Knowledge of these programs will make students more marketable with potential employers. Includes access to Autodesk Software and also textbook. Includes attempt at the Autodesk Professional Certification Exam. ETPL Program Code: 04090112370300CalJobs Program Code: 04090121000003BPPE School Code: 93794290 National accreditation - ACCET Accreditation ID: 1465 Please contact learn@vdc.edu for more information. You can also visit <https://www.vdc.edu/academic-programs/cad-certificate/> to learn more information

Credential Attained:

An industry-recognized certificate or certification, A measurable skills gain leading to a credential, A measurable skills gain leading to employment

Grievance Procedure:

Students are encouraged to bring any complaints or grievances to the attention of their instructor, if appropriate. If the instructor is not successful in resolving the issue, the instructor will notify the Program Manager. The Program Manager will investigate and assess the issue and make a resolution. In the event the complaint or concern has not been resolved at the organization level, a student or any member of the public may file a complaint about the institution with the Bureau for Private Postsecondary Education (BPPE) by calling the Bureau at (888) 370-7589 or (916) 431-6959 or by completing a complaint form, which can be obtained on the bureau's Internet Web site, bppe@dca.ca.gov.

Refund Policy:

Students who request to withdraw or have been terminated or cancelled by the institute after having completed less than 60% of the active course will receive a pro rata refund for that current course. A less-than 60% course completion is confirmed when the student has last logged the Learning Management System on or before the ninth calendar day of class. There are not any pro rata refunds after the 60% course completion date.

Additional

Qualifications of Instructors:

All instructors are Autodesk Certified Professionals and Autodesk Certified Instructors. All instructors have real-world practical experience in their subject matter.

Program Prerequisites: Windows Proficiency.

Equipment Used in Program:

Student provide their own computer system. cadteacher provides access to Autodesk Software. Training program augmented with online video tutorials to enhance learning. Student needs access to the Internet.

Target Occupations: Architects, Except Landscape and Naval Architectural and Civil Drafters
Architectural and Engineering Managers
Architectural Drafters
Architecture Teachers, Postsecondary
Audio and Video Equipment Technicians
Civil Drafters
Civil Engineers
Cost Estimators
Electrical Engineering Technicians
Electrical Engineers
Environmental Engineers
Mechanical Engineers
Urban and Regional Planners
Water/Wastewater Engineers
